

Lesson 9 Interactive Activity

Instructions:

Based on the Lesson 8 activity, place text labels and dimension objects on the drawn floor plan.

Create a one text style and one dimension style to be used in the drawing

Text Style settings:

- create a name for the style
- select a TrueType font to be used on the style

when placing text objects in the drawing

- use 200mm height for room text labels
- use 500mm height for title text label

Dimension Style settings:

- create a name for your style
- select your created Text Style to be used as the dimension text
- use 150mm for the dimension text height
- use 100 for the arrow size

Assign all entities to the following layer:

- ANNOTATIONS ; White
